In accordance with the Auditor Selection procedures as outlined by Florida Statute 218.391, the District has established the auditor selection criteria and has placed a legal advertisement requesting proposals from qualified audit firms.

Grau & Associates was the only firm to respond to the legal advertisement requesting proposals to perform the fiscal year ending September 30, 2023, September 30, 2024 and September 30, 2025 audits. The proposed fee for the audit for fiscal year ending September 30, 2023 is \$3,400.00. The proposed fee for the audit for fiscal year ending September 30, 2024 is \$3,500.00. The proposed fee for the audit for fiscal year ending September 30, 2025 audit is \$3,600.00. The proposed fee for the audit for fiscal year ending September 30, 2026 (option year) is \$3,700.00. And the proposed fee for the audit for fiscal year ending September 30, 2027 (option year) is \$3,800.00.

The proposal has a provision that if Debt is issued the fees would be adjusted accordingly upon approval from all parties.

It is recommended at this time that Grau & Associates be hired to perform the September 30, 2023, September 30, 2024 and September 30, 2025 annual government audits and also be selected, subject to fee adjustments for inflation, to perform the fiscal year end audits for the following two years (FYE 9/30/26 and 9/30/27).

Specific Audit Approach

Grau & Associates
CERTIFIED PUBLIC ACCOUNTANTS

AUDIT APPROACH

Grau's Understanding of Work Product / Scope of Services:

We recognize the District is an important entity and we are confident our firm is eminently qualified to meet the challenges of this engagement and deliver quality audit services. ***You would be a valued client of our firm and we pledge to commit all firm resources to provide the level and quality of services (as described below) which not only meet the requirements set forth in the RFP but will exceed those expectations.*** Grau & Associates fully understands the scope of professional services and work products requested. Our audit will follow the Auditing Standards of the AICPA, *Generally Accepted Government Auditing Standards*, issued by the Comptroller General of the United States, and the Rules of the Auditor General of the State of Florida and any other applicable Federal, State or Local regulations. **We will deliver our reports in accordance with your requirements.**

Proposed segmentation of the engagement

Our approach to the audit engagement is a risk-based approach which integrates the best of traditional auditing techniques and a total systems concept to enable the team to conduct a more efficient and effective audit. The audit will be conducted in three phases, which are as follows:

Phase I - Preliminary Planning

A thorough understanding of your organization, service objectives and operating environment is essential for the development of an audit plan and for an efficient, cost-effective audit. During this phase, we will meet with appropriate personnel to obtain and document our understanding of your operations and service objectives and, at the same time, give you the opportunity to express your expectations with respect to the services that we will provide. Our work effort will be coordinated so that there will be minimal disruption to your staff.

During this phase we will perform the following activities:

- » Review the regulatory, statutory and compliance requirements. This will include a review of applicable federal and state statutes, resolutions, bond documents, contracts, and other agreements;
- » Read minutes of meetings;
- » Review major sources of information such as budgets, organization charts, procedures, manuals, financial systems, and management information systems;
- » Obtain an understanding of fraud detection and prevention systems;
- » Obtain and document an understanding of internal control, including knowledge about the design of relevant policies, procedures, and records, and whether they have been placed in operation;
- » Assess risk and determine what controls we are to rely upon and what tests we are going to perform and perform test of controls;
- » Develop audit programs to incorporate the consideration of financial statement assertions, specific audit objectives, and appropriate audit procedures to achieve the specified objectives;
- » Discuss and resolve any accounting, auditing and reporting matters which have been identified.

Phase II – Execution of Audit Plan

The audit team will complete a major portion of transaction testing and audit requirements during this phase. The procedures performed during this period will enable us to identify any matter that may impact the completion of our work or require the attention of management. Tasks to be performed in Phase II include, but are not limited to the following:

- » Apply analytical procedures to further assist in the determination of the nature, timing, and extent of auditing procedures used to obtain evidential matter for specific account balances or classes of transactions;
- » Perform tests of account balances and transactions through sampling, vouching, confirmation and other analytical procedures; and
- » Perform tests of compliance.

Phase III - Completion and Delivery

In this phase of the audit, we will complete the tasks related to year-end balances and financial reporting. All reports will be reviewed with management before issuance, and the partners will be available to meet and discuss our report and address any questions. Tasks to be performed in Phase III include, but are not limited to the following:

- » Perform final analytical procedures;
- » Review information and make inquiries for subsequent events; and
- » Meeting with Management to discuss preparation of draft financial statements and any potential findings or recommendations.

You should expect more from your accounting firm than a signature in your annual financial report. Our concept of truly responsive professional service emphasizes taking an active interest in the issues of concern to our clients and serving as an effective resource in dealing with those issues. In following this approach, we not only audit financial information with hindsight but also consider the foresight you apply in managing operations.

Application of this approach in developing our management letter is particularly important given the increasing financial pressures and public scrutiny facing today's public officials. We will prepare the management letter at the completion of our final procedures.

In preparing this management letter, we will initially review any draft comments or recommendations with management. In addition, we will take necessary steps to ensure that matters are communicated to those charged with governance.

In addition to communicating any recommendations, we will also communicate the following, if any:

- » Significant audit adjustments;
- » Significant deficiencies or material weaknesses;
- » Disagreements with management; and
- » Difficulties encountered in performing the audit.

Our findings will contain a statement of condition describing the situation and the area that needs strengthening, what should be corrected and why. Our suggestions will withstand the basic tests of corrective action:

Is the recommendation cost effective?

Is the recommendation the simplest to effectuate in order to correct a problem?

Is the recommendation at the heart of the problem and not just correcting a symptomatic matter?

Is the corrective action taking into account why the deficiency occurred?

To assure full agreement with facts and circumstances, we will fully discuss each item with Management prior to the final exit conference. This policy means there will be no “surprises” in the management letter and fosters a professional, cooperative atmosphere.

Communications

We emphasize a continuous, year-round dialogue between the District and our management team. We regularly communicate through personal telephone calls and electronic mail throughout the audit and on a regular basis.

Our clients have the ability to transmit information to us on our secure client portal with the ability to assign different staff with separate log on and viewing capability. This further facilitates efficiency as all assigned users receive electronic mail notification as soon as new information has been posted into the portal.

MEMORANDUM

TO: District Manager

FROM: Billing, Cochran, Lyles, Mauro & Ramsey, P.A.
District Counsel

DATE: June 6, 2023

RE: Required Ethics Training

On May 24, 2023, the Governor signed CS/HB 199 into law as Chapter 2023-121, Laws of Florida. Section 112.3142, Florida Statutes, requires that specified constitutional officers, elected municipal officers, and commissioners complete four (4) hours of ethics training annually. This requirement is noted on page 1 of the Form 1, Statement of Financial Interests. This legislation provides that beginning January 1, 2024, elected and appointed commissioners of community redevelopment agencies and local officers of independent special districts are now required to complete four (4) hours of ethics training annually. The training must address, at a minimum, s. 8, Art. II of the Florida Constitution (ethics for public officers and financial disclosure), the Code of Ethics for Public Officers and Employees, and the Florida Public Records Law and Open Meetings laws. The legislation specifically provides that this training requirement may be satisfied by completing a continuing legal education class or other continuing professional education class or seminar if the required subject matter is covered therein.

For current supervisors and officers, it is recommended that this training requirement be completed by July 1, 2024, so that the supervisor or officer can verify compliance with the required training on his or her Form 1, Statement of Financial Interests (2023). Elected local officers of independent special districts that assume office on or before March 31st must complete annual ethics training by December 31st of the year the term begins; however, if the term starts after March 31st, the officer is not required to complete the required ethics training until December 31st of the following year. The Legislature intends for those elected officers to receive the required training as close as possible to the date that he or she assumes office. The chart below can be used as a reference:

Date elected or appointed	Annual Training Completed By
Current Officer/Supervisor	December 31, 2024 (recommend completion by July 1, 2024)
January 1 – March 31, 2024	December 31, 2024
April 1 – December 31, 2024	December 31, 2025

The legislation also amends Section 112.313(a), Florida Statutes, clarifying the conflicts exception for public officers or employees of water control districts (Chapter 298, Florida Statutes)

or a special tax districts created by general (i.e. community development districts) or special law and which is limited specifically to constructing, maintaining, managing, and financing improvements in the land area over which the district has jurisdiction. Employment with or entering into a contractual relationship with a business entity is not prohibited and is not deemed a conflict per se; however, conduct by such officer or employee that is prohibited by or otherwise frustrates the intent of Section 112.313(7), Florida Statutes, including conduct that violates subsections (6) (misuse of public position) and (8) (disclosure of information not otherwise available to the public for personal benefit) thereof is deemed an impermissible conflict of interest.

For convenience, we have included a copy of the legislation referenced in this memorandum. We request that you include this memorandum as part of the agenda packages for upcoming meetings of the governing boards of those special districts in which you serve as the District Manager and this firm serves as District Counsel. You can expect our traditional legislative memorandum in the coming weeks, where we will summarize other legislation from the 2023 Legislative Session relevant to special districts.
