G. OLD BUSINESS

There were no Old Business items to come before the Board.

H. NEW BUSINESS

1. Consider Resolution No. 2024-07 – Adopting a Fiscal Year 2023/2024 Amended Budget

Mrs. Perez presented Resolution No. 2024-07, entitled:

RESOLUTION NO. 2024-07

A RESOLUTION OF THE BOARD OF SUPERVISORS OF THE LOS CAYOS COMMUNITY DEVELOPMENT DISTRICT AUTHORIZING AND ADOPTING AN AMENDED FINAL FISCAL YEAR 2023/2024 BUDGET ("AMENDED BUDGET"), PURSUANT TO CHAPTER 189, FLORIDA STATUTES; AND PROVIDING AN EFFECTIVE DATE.

Mrs. Perez explained, as done every year for administrative and statutory requirements, within 60 days of any given fiscal year end, the Board adopts a revised/amended budget for said year. The fiscal year ended on September 30, 2024. This is the reason it is administrative in nature (past year's budget for past year's expenses) and will serve as the Board's final approval/ratification of the District's expenditures for the past fiscal year.

A **MOTION** was made by Supervisor Perez, seconded by Supervisor Baluja and unanimously passed adopting Resolution No. 2024-07, as presented.

2. Consider Resolution No. 2024-08 – Adopting Goals and Objectives

Mrs. Perez presented Resolution No. 2024-08, entitled:

MEMORANDUM

TO:	District Manager
FROM:	Billing, Cochran, Lyles, Mauro & Ramsey, P.A. District Counsel
DATE:	February 10, 2025
RE:	Stormwater system legal requirements update

As district counsel, throughout the year we continuously monitor state legislation and municipal and county ordinances that may be applicable to the governance and operation of our special district clients. Below is a summary of the current stormwater system requirements for Miami-Dade County, Florida (which include requirements imposed statewide by the Florida legislature, requirements for systems within the jurisdiction of the South Florida Water Management District (SFWMD), and requirements exclusive to Miami-Dade County imposed by county ordinances). We suggest that you review the legal requirements with the district engineer of each special district to ensure that appropriate inspections, reporting and funding for the applicable stormwater management system are in place.

2021 Requirements for Districts with Stormwater Systems:

In 2021, the Florida legislature created Section 403.9302, Florida Statutes, which required that local governments, including special districts, develop a 20-year needs analysis of the stormwater management system. This required each special district to provide a report no later than June 30, 2022, to the county in which the special district was located providing the following:

- (1) Description of stormwater management program or system and its facilities and projects;
- (2) Number of current and projected residents served in 5-year increments;
- (3) Current and projected service area for stormwater management program and system;
- (4) Current and projected costs of providing services in 5-year increments;
- (5) Estimated remaining useful life of facility or its major components;
- (6) Recent 5-year history of annual contributions and capital expenditures for maintenance or expansion; and
- (7) Special district's plan to fund the maintenance or expansion of the facility or its major components.

Each county was required to compile and submit a cumulative report to the state. Thereafter, the state issued a comprehensive report on its findings. Unless a further change in state legislation occurs, each special district must submit this stormwater management needs report again on **June 30, 2027**.

<u>New Requirements for Districts with Stormwater Systems:</u> <u>Chapter 2024-275, Laws of Florida</u>

During this past legislative session, the state enacted Chapter 2024-275, effective June 28, 2024, known as the Florida Stormwater Ratification Bill, which codified several significant changes to the Environmental Resource Permit Handbook promulgated by the Florida Department of Environment Protection (FDEP) (the "FDEP Handbook").

Operation and Maintenance Plan:

As it relates to stormwater management systems, the FDEP Handbook requires that an applicant for construction, alteration or operation of a stormwater management system shall provide a written operation and maintenance plan ("O&M Plan") at the time of application. The O&M Plan shall provide the following:

- (1) List and details of all stormwater system components, including location, type, how systems connect, etc.;
- (2) List and description of maintenance and inspection tasks for the system and its components (specific procedures provided);
- (3) Regular inspection and maintenance schedules;
- (4) Inspection checklists;
- (5) Copies of or references to pertinent sections of covenants, conditions, restrictions or other documents, permits approvals, and agreements that govern operation and maintenance of the stormwater system; and
- (6) Permitted or as-built plans of the stormwater system.

The O&M Plan must also include a list of after-hours telephone numbers for key maintenance personnel in case of emergencies and information necessary for reviewing copies of maintenance and inspection records. This O&M Plan must be maintained by the operation and maintenance entity, and if a third party performs the operation and maintenance, the permittee remains responsible for all the requirements.

Additional Inspections and Reports – Florida Requirements:

The new legislation also requires additional inspections and reports from districts with stormwater infrastructure. The FDEP Handbook provides that the applicant may propose a maximum frequency of inspections for a stormwater system of **5 years**, but FDEP may determine that the stormwater system requires a greater minimum frequency of inspections and includes a chart of the type of system and the inspection frequency for that system, which could require yearly inspections. The stormwater management system inspections conducted on or after **June 28, 2025**, require a qualified inspector to conduct the inspection and submit the reports. FDEP also has adopted additional requirements for each regional water management district, including the South Florida Water Management District (SFWMD). These additional requirements, including the inspection checklist, are available on SFWMD's website (www.sfwmd.gov), which provides for the reporting requirements and signature of the inspector. The inspection report shall be submitted within **30 days** of the date of the inspection.

Transfer of Permits for Stormwater Management Systems:

Based on this new legislation and the requirements for permit applications, prior to the acceptance of the transfer of any permit for the stormwater management system, the district manager should obtain the O&M Plan from the developer and confirm that the above requirements have been met. Additionally, the district manager will need to budget for the required inspections and reporting by a qualified inspector.

New Requirements for Districts located in Miami-Dade County

Additional Inspections and Reports – Miami-Dade County Requirements:

In Miami-Dade County, the County Commission enacted an ordinance imposing new stormwater management reporting and inspection requirements which commence **3 years** after adoption of the ordinance (**September 4, 2027**). These new ordinance amendments require owners and operators of stormwater management systems that connect to or drain into a public right-of-way drainage infrastructure to certify the stormwater system and submit an asset inventory of the stormwater system and structures, inspections/maintenance records, and maintenance standard operating procedures to the County. After the first certification, the stormwater management system will need to be certified every **10 years thereafter**, unless the County determines an earlier recertification is required.

If the requirements above apply to the special district, the district manager should discuss with the district engineer the anticipated costs of certifying the stormwater system, including the asset inventory of the structures, maintenance standard operating procedures and maintenance report formats to comply with the new County requirements.

Miami-Dade County Class V Dewatering Permits:

Additionally, the Miami-Dade County Commission amended the code of ordinances to require Class V permits for dewatering operations associated with the cleaning and maintenance of stormwater management systems. Dewater means to discharge either on- or off-site water from an excavation, underground structure, or depressed lands, which includes the cleaning of stormwater infrastructure systems in the special districts. Presently, a special district, or its contractor, will need to apply for and obtain a permit from Miami-Dade County Department of Environmental Resource Management (DERM) prior to the stormwater cleaning. Previously, the special district did not have to obtain a permit from DERM to perform stormwater structure cleaning. There are multiple costs involved, which vary depending upon the length of time of the permit. According to the information provided by DERM, the fee for a one-year permit is \$2,150, as provided on the permit application form. The permit must be issued before work commences, otherwise there will be fines equal to double the permit cost imposed by Miami-Dade County. It is imperative that the permit be issued, and that this requirement is included in the agreement with a contractor. There are also other requirements that the contractor will need to adhere to as a part of the cleaning of the stormwater system under the permit, including, but not limited to, a description of the portion of the infrastructure to be cleaned, the equipment to be used for cleaning,

the standard operating procedure for the cleaning, details and specifications of required pretreatment system if discharged into same stormwater infrastructure, information on how the filtrate will be collected, transported, and disposed of, details for the authorized facility where the solid content of the truck will be transported, visual inspection of the drainage structure and content for signs of contamination, and proper use of the equipment.

Recommendation

Taking all of these current and new requirements into account, it would benefit the special district for the district engineer to review the current stormwater management systems, including having the district engineer make a determination of: whether mapping is required to identify the location of the stormwater infrastructure, the current condition of the infrastructure, the required maintenance of the system, a maintenance plan, the estimate for the future needs of the stormwater system as a whole and the estimated costs for the regular maintenance (including permit costs) and future capital costs.

RESOLUTION 2025-01

A RESOLUTION OF THE BOARD OF SUPERVISORS OF THE LOS CAYOS COMMUNITY DEVELOPMENT DISTRICT APPROVING A PROPOSED BUDGET FOR FISCAL YEAR 2025/2026 AND SETTING A PUBLIC HEARING THEREON PURSUANT TO FLORIDA LAW AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the Los Cayos Community Development District (the "District") was recently established by Ordinance No. <u>23-35</u> approved by the Miami-Dade County Board of County Commissioners, Miami-Dade County, Florida, effective May 26, 2023; and

WHEREAS, the District Manager has prepared and submitted to the Board of Supervisors (the "Board") of the District the proposed operating fund budget for Fiscal Year 2025/2026; and

WHEREAS, the Board has considered the proposed operating fund budget and desires to set the required public hearing thereon.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF SUPERVISORS OF THE LOS CAYOS COMMUNITY DEVELOPMENT DISTRICT, THAT:

- 1. The operating fund budget proposed by the District Manager for Fiscal Year 2025/2026 attached hereto as **Exhibit "A"** is hereby approved as the basis for conducting a public hearing to adopt said budget.
- 2. The public hearing on said approved operating fund budget is hereby declared and set for the following date, hour and location:
 - DATE: Wednesday, May 21, 2025

HOUR: <u>9:45 am</u>

LOCATION: <u>Lennar Homes, LLC</u> 5505 Waterford District Drive <u>Miami, Florida 33126</u>

- 3. The District Manager is hereby directed to submit a copy of the proposed budget to the Miami-Dade County at least sixty (60) days prior to the hearing set above.
- 4. In accordance with Section 189.016, *Florida Statutes*, the District's Secretary is further directed to post the approved budget on the District's website at least two (2) days before the budget hearing date as set forth in Section 2. If the District does not have its own website, the District's Secretary is directed to transmit the approved budget to the managers or administrators of the Miami-Dade County for posting on their website.

- 5. Notice of this public hearing shall be published in the manner prescribed in Florida law.
- 6. This Resolution shall take effect immediately upon adoption.

PASSED AND ADOPTED this 19th day of March, 2025.

RESOLUTION 2025-02

A RESOLUTION OF THE LOS CAYOS COMMUNITY DEVELOPMENT DISTRICT DESIGNATING MICHAEL J. PAWELCZYK AS THE DISTRICT'S REGISTERED AGENT AND DESIGNATING THE OFFICE OF BILLING, COCHRAN, LYLES, MAURO & RAMSEY, P.A. AS THE REGISTERED OFFICE

WHEREAS, Section 189.014, Florida Statutes requires that the Los Cayos Community Development District (the "District") designate a registered office and a registered agent, and further authorizes the District to change its registered office and registered agent, at the discretion of the District Board of Supervisors (the "Board"); and

WHEREAS, the designation of both a registered office and a registered agent is for the purpose of accepting service of process, notice, or demand that is required or permitted by law to be served upon the District; and

WHEREAS, the Board has been informed by the office of District Counsel that there is a need to designate a new registered agent for the District; and

WHEREAS, the Board seeks designate Michael J. Pawelczyk as the registered agent for the District, and update the business address of the registered office of the District, as necessary.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF SUPERVISORS OF THE LOS CAYOS COMMUNITY DEVELOPMENT DISTRICT, THAT:

Section 1. The foregoing recitals are hereby incorporated as findings of fact of the Board.

Section 2. Michael J. Pawelczyk is hereby designated as the registered agent for the District, thereby replacing any previously designated registered agent.

<u>Section 3.</u> The registered office of the District is hereby designated as the office at Billing, Cochran, Lyles, Mauro & Ramsey, P.A., 515 East Las Olas Boulevard, Suite 600, Fort Lauderdale, Florida 33301. The registered office is identical to the business address of the registered agent designated in Section 2 of this Resolution.

<u>Section 4</u>. Pursuant to the requirements of Section 189.014(2), Florida Statutes, the District's Secretary shall transmit copies of this Resolution to the local governing authority or authorities and to the Florida Department of Economic Opportunity.

Section 5. All resolutions or parts of resolutions in conflict herewith are repealed to the extent of such conflict.

<u>Section 6</u>. If any clause, section or other part or application of this Resolution is held by a court of competent jurisdiction to be unconstitutional, illegal or invalid, in part or as applied, it shall not affect the validity of the remaining portions or applications of this Resolution.

<u>Section 7</u>. This Resolution shall be effective immediately upon adoption.

PASSED AND ADOPTED THIS <u>19th</u> DAY OF <u>MARCH</u>, 2025.
